bamboo frame dishrack

Description:

you wash, I'll dry: Our bamboo frame dishrack has an innovative drainage system that keeps water flowing into the sink, not onto the countertop.

Features:

- efficient drainage: this dishrack has a swivel spout and an extendable drip tray so water drains into the sink, not onto the countertop
- cup holders: slide the cup holders along the frame to store cups in the most convenient spot
- natural bamboo sealed with a durable waterproof coating
- extendable drip tray: pulls out below the cup holders to catch drips
- adjustable tines: flip up the supports to hold small plates, or leave them flat for larger items like pots and pans
- natural bamboo knife block: gentle on sharp blades
- flatware caddy: separate compartments keep utensils neat and organised
- easy to clean: utensil holder and wire frame are top-rack dishwasher safe; clean all other parts with warm, soapy water
- coated steel wire: soft, coated steel wire protects your dishes against chips and scratches
