Features:

- odorsorb: eco-friendly charcoal filter neutralises odours without harmful chemicals
- includes holding case to conceal and protect filter
- fits perfectly under bin lids, as well as in refrigerators and cupboards
- easy to attach: includes double sided tape
- recharges in sunlight: simply expose your filter to sunlight for 3 hours to recharge it - will need to recharge every 4 to 6 weeks

Sizes and dimensions:

- 12.1cm x 2.7cm x 9.6cm (W.D.H.)

UK MRSP:

- £4.99

about simplehuman – tools for efficient living®

simplehuman was founded in 2000 in Los Angeles with the goal to make it easier and more efficient to “take out the trash”. The success of its first pedal bin led the company to expand its mission to create “tools for efficient living” — products designed to help make people more efficient at home. The company now has more than 100 products that are sold throughout the world by leading retailers.
